

WY Medicaid 2023 January & February Payment Exception Calendar

Attention All Billing Providers

The January and February 2023 Wyoming Medicaid Payment Exception Schedule has been posted to the Medicaid website: <https://www.wyomingmedicaid.com/portal/Payment-Exceptions>.

For the months of January and February there are **NO** payment exceptions. Payments will process according to the normal weekly payment schedule, as follows:

Medicaid payment runs on Wednesdays, the State Auditor's Office (SAO) runs payment on Thursdays, and EFT (electronic fund transfers) and check mail dates occur on Fridays.

Paper Remittance Advices (RAs) and 835s are delivered on Fridays. The payment exception schedule documents the changes to the normal weekly payment schedule.

Keep in mind, the EFT date is the date the SAO transmits the payment to banks (financial institutions), and they have up to three (3) business days to post to accounts.
